You may submit a cancellation online at any time. You may either write us an e-mail at [info@spyoff.com](mailto:info@spyoff.com) or use our contact form on the website.

**Important:** Please always state your user data (e-mail address, user name or customer number) to help us find and cancel your account in a timely manner.

**In addition:** After contacting us you will receive an automatic confirmation of receipt by e-mail. Please do not delete this right away. We usually answer within 48 hours. Please note, however, that we can only be reached on business days and therefore will not reply immediately on weekends or holidays.
